PROFILE

I am a junior in developing responsive and interactive user interfaces using HTML, CSS, and JavaScript. I have a strong background in web design principles, and I am familiar with the latest front-end frameworks and libraries such as React.

With experience in Agile development methodologies, I am skilled in collaborating with cross-functional teams to deliver high-quality software products. I have a keen eye for detail and a passion for creating visually stunning and functional web applications that provide an exceptional user experience.

I am constantly learning and expanding my skill set to keep up with the latest developments in front-end development. I am committed to delivering high-quality code and am always seeking ways to optimize and improve web performance.

I am seeking a challenging role in a dynamic and innovative environment where I can utilize my skills and expertise to develop cutting-edge web applications that exceed user expectations.

EDUCATION

Faculty of Computers and Artificial Intelligence, Helwan University

(Expected Graduation: [2024])

Relevant coursework:

Data Structures and Algorithms

Object-Oriented Programming

Web Development

Database Management Systems

Artificial Intelligence

SKILLS

HTML5.

CSS

JavaScript

BootStrap5

React

LANGUAGES

Arabic

English
